EDUCATION

Vellore Institute of Technology (VIT), Vellore

B.Tech Electronics and Communication Engineering | CGPA: 8.58

Aug 2023 – Present

Shiv Jyoti Convent School, Kota

Class XII CBSE | 85%

2023

Shiv Jyoti Convent School, Kota

Class X CBSE | 93.4%

2021

INTERNSHIPS

Product Intern, Homerun

May 2026 – Jun 2026 | Bengaluru, India

- Analyzed customer behavior through funnel analysis and cohort studies to identify conversion patterns, user journey bottlenecks, and data quality issues across multiple platforms; generated actionable insights to support product and business decisions.
- Conducted root cause analysis (RCA) on cross-platform data quality issues by validating event tracking, identifying missing or incorrect event properties, and collaborating with developers to resolve tracking discrepancies.
- Automated reporting workflows and built analytical dashboards; implemented customer segmentation and data validation techniques to enable scalable, reliable analytics for decision-making.

Web Developer Intern, Valsco Technology Private Ltd

Jun 2025 – Sep 2025 | Vellore, India

- Built and tested REST API integrations on Jurident, a legal-tech platform, ensuring reliable frontend–backend communication.
- Developed the frontend for an AI-based legal document drafting feature and contributed to the UI of the platform's internal chatbot.

ACADEMIC PROJECTS

WaferVision AI – Semiconductor Wafer Defect Inspection Platform

Feb 2026 – Mar 2026

Tech stack: CNNs, YOLOv8, PyTorch, FastAPI, React, MongoDB, AWS

- Developed an end-to-end wafer defect inspection pipeline by implementing image preprocessing (grayscale, resizing) and training a CNN ensemble on 4K+ wafer images for defect classification, achieving 91.05% test accuracy, 0.89 weighted F1-score, and 0.90 macro recall.
- Built a FastAPI backend for real-time inference that processes wafer images, stores artifacts in AWS S3, and saves predictions, metadata, and heatmap URLs in MongoDB.
- Designed a React dashboard with GenAI-powered insights to analyze current defects and identify root causes of manufacturing issues using historical inspection data.

Real-Time Ride-Hailing Data Pipeline

May 2026 – Jun 2026

Tech stack: Python, FastAPI, Azure Event Hubs, PySpark, Databricks, SQL

- Built a real-time ride data pipeline using FastAPI, Azure Event Hubs, PySpark, and Databricks to collect and process ride events.
- Processed historical and real-time data using a Bronze–Silver–Gold architecture, with data cleaning, duplicate removal, joins, and validation.
- Designed organized datasets for passengers, drivers, vehicles, payments, bookings, and rides to support efficient analysis and reporting.

LLM-Powered Intelligent Query Retrieval System

Jul 2025 – Aug 2025

Tech stack: Python, FastAPI, LangChain, Gemini, Pinecone, EasyOCR, Hugging Face

- Built a FastAPI-based document Q&A system using Gemini-powered RAG with OCR-based text extraction and multi-format document ingestion.
- Developed semantic chunking, Pinecone vector indexing, contextual retrieval, caching, domain-specific prompting, and content moderation to deliver efficient and context-grounded responses.

SKILLS

Programming Languages: Python, C++, Java, JavaScript, R, SQL

Data & Analytics: PySpark, Databricks, Snowflake, NumPy, Scikit-learn, Tableau, Excel, Data Analysis

AI / ML & GenAI: PyTorch, Deep Learning, CNNs, RAG, LangChain, LangGraph, OCR

Frameworks / Libraries: FastAPI, React, Node.js

Databases / Vector DB: MongoDB, Cloud Firestore, Pinecone

Tools / Platforms: Git, VS Code, Postman, AWS, Azure, Google Colab

ACHIEVEMENTS

- Smart India Hackathon 2025 (SIH) – Selected as the official college representative.
- Bajaj HackRx 6.0 (2025) – Advanced to the finals, ranking among the top 50 teams out of 10,000+ registrations.

CERTIFICATIONS

Oracle Cloud Infrastructure 2025 Generative AI Professional

Jul 2025

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

Jun 2025

Complete Data Science, Machine Learning, DL, NLP Bootcamp, Udemy

Apr 2026

EXTRACURRICULAR ACTIVITIES

Core Member, roboVITics – The Official Robotics Club of VIT

Apr 2024 – Mar 2025

- Contributed to the club's web presence and internal tools; authored and published an article, "API Integration for Robotics Systems," on Medium.
- Led events with 100+ participants during the college tech fest.
